## SEWER BACKUP INFORMATION

How to prevent a backup: taking notice of what is flushed down toilets and sinks can prevent most backups. DO NOT flush the following materials (or similar items) down toilets/drains. These items can plug the main and cause damage to you and other property owners connected to the main.

- Large quantities of toilet paper
- Paper towels
- Feminine napkins
- Disposable diapers
- Clothing – socks, underwear...
- Plastic, metal, wood, etc.
- Large quantities of cereals or grains (they can swell with water)
- Live seeds, beans, and peas (they may sprout)
- Grease, fats, oils
- Sand

- Fibrous materials (cotton balls, hair, rags, cigarette butts...)

- Sponges, scouring pads

If a backup occurs: first take action to protect people and valuable property. You may call the city or special service district, and as a service we'll check the main sewer. Any blockages found in the main lines will be promptly cleared. If the main line is not blocked, we recommend that you call a plumbing or sewer contractor to check your lateral line. Maintenance and repair of the lateral serving the home is the owner's responsibility. Regardless of the location of the blockage, clean up of the home should be done as soon as possible to minimize damage and possible negative health effects. There are qualified local businesses that specialize in this type of clean up.

## SEWER SERVICES

The sewer services are provided by the community account for the collection and treatment of residential and commercial wastewater. Harrisville City and Central Weber Sewer Improvement District both independently operate sewer lines throughout our community. Harrisville City also pays Central Weber Sewer Improvement District a substantial amount each year to treat and dispose of the wastewater collected at their treatment facility. With sewer service costs increasing, rates were raised \$1 per month, per ERU. This rate increase to \$18.10 per month, per ERU, will be used to cover capital outlay for the sewer maintenance and operation fund. This fund is available for sewer line repairs and replacement, and to address future sewer system issues.

General Admission: \$8.00 adults, \$6.00 seniors, students and children under age 12  
(Ticket prices at the door will be \$11.00, \$9.00 and \$7.00)

Just in case you missed this on the front page!

## POLICE NOTES

### LOCK UP YOUR VALUABLES!!

This cannot be stressed enough. Unlocked cars, bikes, equipment, ATV's, etc... will make you a target. All it takes is a few minutes for you to become a victim. The best protection is to lock your doors, shut your garage, and secure your valuable items out of sight of would be thieves.
